Sir,

I have the honor to submit in original the marginally noted correspondence in re: flooring of the Government Quarters attached to the Central Jail, Bangalore, with tiles, (to be obligingly returned when no longer required) and to recommend that as tiles are infinitely cheaper in the long run than chunam floors with matting which requires frequent renewal, sanction of Government may be accorded and the P.W.D. asked to prepare an estimate. To save the cost of labor no little ~~is~~ than the tiles may be laid by Jail labor.

I have the honor to be,

Maybe ask the I.G. of Prisons if there are likely to be sufficient savings from the Prisons Budget to meet the cost of tiling the flooring. (This kind of expense is no doubt debitable as a rule (if I am not mistaken) to the P.W. Deptt; but as the latter has no funds available we must look to some other source.) If the Prisons Budget is also unable to bear a saving the work may be deferred till the next official year, which is fast-approaching.

Returned to the Secretary to Govt: General & Revenue Deptt. with his office file, with the intimation that as funds cannot be made available for tiling the flooring of this building from the limited reserve grant of this year which is barely sufficient to meet the requirements of urgent petty works, only ordinary repairs to the existing floor can be carried out this year. Orders have issued accordingly to the Superintending Engineer, Eastern Circle.
